Ameral International, Inc. has been providing innovation in custom cabling since 1983. Ameral provides quality-manufactured products and distribution services to its customers. Ameral manufactures basic and custom cables for all types of electronic equipment worldwide. Ameral offers competitive pricing, engineering and technical support with innovations in cabling.

Ameral has over 30 years of electronic manufacturing, quality control and assurance, and project management experience. Ameral prides itself on completing projects for the client on time, while providing high quality finished products for the lowest cost available. All of our products are built to our customers' specifications, utilizing the highest quality parts, tooling, and "State of the Art" electronic equipment. Ameral offers its customers' prototype, value added, Kan-Ban and large scale manufacturing. The following list provides the majority of assemblies, harnesses, and other applications Ameral is proud to offer their customers:

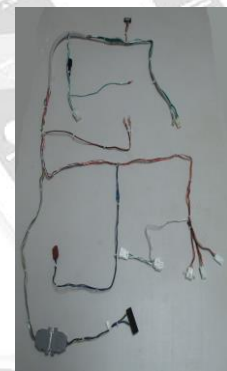

### **Types of Assemblies:**

- Telco & SCSI
- Wire Harnesses
- Coaxial/RF
- Ribbon (flat and flat to round)
- Coil Cord
- Sub-Assemblies
- Value Added (Fan assemblies)
- Fiber Optic
- Box Builds

### **Industries:**

- Aerospace
- Military
- Medical
- Power
- Telecom
- Transportation
- Marine
- Gaming
- Networking

Ameral is ROHS-compliant. Our cable assemblies and wire harnesses are 100% tested and certified, which enables our customers' orders to go DOCK-TO-STOCK. Our packaging/shipping department follows all customer first and second tier shipping of their product to allow for easy receiving and use in our customers' facilities.

Call us at 800-222-5371, or email us the information regarding the cable assembly/wire harness that you need manufactured. Companies that stand by their integrity and good name turn to Ameral for their most critical wire harness, cable assembly and connector needs. The first assembly is built and tested with the same level of quality control as the last. Bring us any design, any need and we will create an individualized solution that exceeds your expectations.
