Innovators In Cabling

Ameral International, Inc. has been providing innovation in custom cabling since 1983. Ameral provides quality-manufactured products and distribution services to its customers. Ameral manufacture basic and custom cables for all types of electronic equipment worldwide. Ameral offers competitive pricing, engineering and technical support with innovations in cabling.

Ameral has over 30 years of electronic manufacturing, quality control and assurance, and project management experience. Ameral prides itself on completing projects for the client on time, while providing high quality finished products for the lowest cost available. With the addition of our China office, Ameral continues to provide exceptional products at competitive prices, which meet our standards, and our clients needs.

All of our products are built to our customers' specifications, utilizing the highest quality parts, tooling, and "State of the Art" electronic equipment. Ameral is ROHS-compliant. Our cable assemblies and wire harnesses are 100% tested and certified, which enables our customers' orders to go DOCK-TO-STOCK

- We can bar code your shipments and or packages for electronic receiving.
- We can receive orders and invoice electronically, e-mail, Fax or pick them up from designated site.
- We can bag assemblies, individually or to your requirements, and label the bags.
- We accept major credit cards Visa, MasterCard, American Express, checks, and bank transfers

The team at Ameral values our customers business and appreciates the opportunity to work with them on new projects.
